

6. How to backup video footage on monitor?

- 1 Connect the USB disk to USB port of NVR. (The USB disk format must be FAT32 or exFAT)
- 2 Please right-click mouse navigates to **Main Menu --> System--> Backup**,
- 3 Choose "Channel, Time", click "Add" and then will get the recorded video list.
- 4 Select the file you want to backup (Type "R" means regular recording, Type "M" means motion recording).
- 5 Select the "Backup format" and click "Start" button.

Backup

Required/Remaining: 4.90 MB/47.25 GB

Backup format: MP4 Start Cancel

Note:

"Backup format" is recommended to choose MP4 or AVI format, so that most playback software can play, if you choose "H265", you need to use H265 player, download link: <http://www.ckkcamera.com/download.php?id=73>
